4. Measures to address gambling harm

Welfare Checks

Ramsgate RSL aims to ensure all our patrons have a positive experience; this includes undertaking welfare checks on any guests who may be at risk of problem gambling. Our management and frontline team are vigilant in monitoring our patrons undertaking any gambling activity. If they are showing signs of extended play or distress, a Responsible Gambling Officer will conduct a welfare check to gauge their mood, stress level and assertiveness and if required undertake the steps necessary whether that be encouraging them to take a break, explaining our exclusion or counselling services or asking them to leave the environment.

All encounters are recorded in our digital Gambling Incident Register.

Indirect interactions such as daily announcements are made over the Clubs PA system to encourage customers to take regular breaks from gaming machines. Such announcements are regarding other events, promotions or services (such as courtesy bus departures) that are underway. Ramsgate RSL also have harm minimization strategies implemented through our Society Safeplay program helping to identify and manage any problem gambling behaviours.

Procedures to check signage and brochures

Ramsgate RSL complete fortnightly audits of all gaming compliance including signage and brochures.

7. Information regarding player assistance

Hotels and clubs that operate gaming machines must establish and conduct a self exclusion scheme. This allows patrons to voluntarily exclude themselves from nominated areas of a gaming venue or the entire venue.

Self-Exclusion

The ClubSAFE Multi-Venue Self-Exclusion (MVSE) Program is an online system designed to enable people with a gambling problem to self-exclude from our venue as well as multiple venues around where they live, work and socialise. Ramsgate RSL will initiate Self-Exclusion when requested by a patron at any time during its open hours.

The ClubSAFE MVSE Program removes barriers for people with a gambling problem such as the difficultness of visiting multiple venues or the discomfort of visiting their local club to place the exclusion and makes the process easier for a person with a gambling problem.

A patron can self-exclude by speaking to a duty manager at the club, visiting the ClubsNSW self-facilitated website or by contacting a gambling help counsellor.

The minimum period for a Self-Exclusion is six months. Once a patron agrees to exclude from the club for a specific time, our venues have processes in place to help them honour that commitment.

If a patron breaches their Self-Exclusion, it is reported through the MVSE program for assessment by trained counsellors. Ramsgate RSL also has facial recognition technology to assist in identifying self-excluded patrons entering the premises.

Gaming Plan of Management – Ramsgate RSL Memorial Club

Partial Self-Exclusion

A partial Self-Exclusion allows a patron to exclude themselves from gambling activities at the club such as TAB/KENO and/or gaming machines, but still allows them access to other club facilities including restaurants, bars and other entertainment.

A patron can self-exclude by speaking to a duty manager at the club, visiting the ClubsNSW self-facilitated website or by contacting a gambling help counsellor.

The minimum period for a Self-Exclusion is six months. Once a patron agrees to exclude from the gaming activities of the club for a specific time, our venues have process in place to help them honour that commitment.

If a patron breaches their Self-Exclusion, it is reported through the MVSE program for assessment by trained counsellors.

Counselling Services

- As required by law, Ramsgate RSL display problem gambling brochures at critical points within the venue and have a wide range of these brochures in many languages to help with our culturally diverse community. These brochures contain details about the ClubSAFE Counselling Service and Gambling Help Line:
- **ClubSAFE Counselling Service – 1800 997 766**
- **GambleAware Helpline – 1800 858 858**

The management team at our venue are proactive in handing out the relevant information to patrons in need. Ramsgate RSL will display information about local support services in strategic locations, like the bathroom and on rolling digital displays.

8. Identifying at-risk gambling behaviours

At-risk gambling behaviour is gambling behaviour that leads to gambling harm because it involves:

- spending more money on gambling than the person can afford based on their income and financial commitments: and/or
- spending so much time on gambling that it interferes with the person's relationships, social life and/or work responsibilities.

'Gambling harm' refers to difficulties or other negative consequences that result from excessive gambling and affect the wellbeing of the person and/or their loved ones in many areas of their daily lives. Gambling harm can affect people's physical and mental health as well as their financial wellbeing, relationships, education and employment, social and psychological wellbeing.

Gaming Plan of Management – Ramsgate RSL Memorial Club

Ramsgate RSL is a licensed venue, and as such, no person under the age of 18 is permitted entry into any part of the club, unless they are in the company of an adult or guardian.

Gambling by minors is prohibited. Failure to comply will result in the person being asked to leave.

Signs are displayed at all gaming room entrances banning minors from entering the room. All Ramsgate RSL employees share the responsibility for asking for proof of age if they are uncertain whether a customer is at least 18. If relevant verification cannot be produced, the customer will be asked to leave the gaming room.

If the prize is being paid through electronic transfer, the account must be with a financial institution, such as a bank.
